Volume IV — the Sculpt Collection —  
is VIECI's most refined statement yet.

Organic rounded forms with gold  
plinth bases, sculpted chaise lounges,  
and accent chairs on signature  
stiletto gold legs define a collection  
conceived for spaces that demand  
more than furniture.

Each piece is an object of art.  
Each room, a curated experience.

Made in Damietta.  
Destined for the world.
